LAPTOP

NoteCart Flex 16

NoteCart Flex 16 with room for 16 notebooks

NoteCart Flex – economical, high-quality and flexible solution for storage and charging of notebooks

- Compact and flexible interior design that can be modified and adapted to store e.g. tablets.
- At the delivery NoteCart Flex is with power panels (16 outlets).
- Compact mobile design with 4 high quality wheels with bearings and breaks on 2 of the wheels.
- Intelligent and safe power supply which makes it possible for sequential electricity output to protect the electrical installation. At the same time the fuses protect the stored equipment.
- NoteCart Flex is designed and constructed so it can be supplied exactly with the functionality you might need. Available options are e.g. NoteSecure for theft protection, timer or additional power panel. See more in product information sheet **"Options for NoteCart Flex".**
- Danish design - made in Europe; CE certified

NoteCart Flex is designed, manufactured and tested to comply with all relevant clauses of EN 60950-1 – Safety of Information Technology Equipment and BS 6396 – Electrical Systems in Office Furniture and Educational Furniture.
